GUIDELINE for AUTHORS

Conference uses a double-blind review, which means that both reviewers and author identities are conceived from the reviewers, and vice versa, throughout the review process. To facilitate this, authors need to ensure that their manuscripts are prepared in a way that does not give away their identity and their names must not appear anywhere in the manuscript. The submitted manuscript must not have been published anywhere before and should not be entered into the evaluation process for publication elsewhere. The scientific responsibility of the manuscript belongs to the author.

Manuscripts should be submitted in Turkish as well as in English by using .doc or .docx formats. Manuscripts should be written using to this template including the following headings:

• Title - Abstract - Keywords (in English),
• Title - Abstract – Keywords (in Turkish),
• Introduction,
• Methods,
• Findings,
• Discussion and Conclusions,
• (if necessary) Acknowledgements,
• References and
• (if necessary) Additional Files.

There is flexibility as to the naming of only the subtitles.

Manuscripts should be written in font Times New Roman, single line spacing and 9-font size ("body text" style). Manuscripts can contain figures, tables and/or images. Page format should be 16,5cm x 23,5cm (width x height) size with margins 2 cm wide from the top, 1,5 cm wide from the right left and bottom. **Manuscripts should be maximum ten pages including the references** and pages should not be numbered. The space between paragraphs should be "0 nk" before and "6 nk" after.

INTRODUCTION (Header 2 style)

The introduction section should present the scope and objective of the manuscript and state the problem, briefly review the pertinent literature, describe the methods, and provide an overview of the main results of the work.

METHOD (Header 2 style)

The method must be clearly stated and described in sufficient detail and with sufficient references.

Subtitle (Header 3 style)

If it is required, "Header 3" style can be used for subtitles. Please capitalize only the first letters of the subtitle.

FINDINGS (Header 2 style)

The findings and arguments of the work should be explicitly described and illustrated. Supporting figures and tables of the results may be included in the manuscript.

All the tables and figures should be centered. Spaces between table rows should be removed. Figures and tables should be numbered. Figure headers should be placed under the figure (Figure 1). Table headers should be placed at the top (Table 1). "Caption Style" should be used for all captions.

Equations should be numbered consecutively throughout the text with the numbering in parentheses to the right of the equation. Please use 1x2 table without border lines as below to align equations in the text. The word "equation" should be shortened by "Eq." when used in the text, except at the beginning of a sentence. Equation 1 shows a sample formula, at the same time Eq. 1 defines the area of circle.

$$A = \pi r^2 \tag{1}$$

DISCUSSION AND CONCLUSIONS (Header 2 style)

Discussion and Conclusions should include the principles and generalizations inferred from the results, any exceptions to, or problems with these principles and generalizations, theoretical and/or practical implications of the work, and recommendations.
